

Vipin Khandelwal

Web Designer

PROFILE

I design and develop services for customers of all sizes, specializing in creating stylish, modern websites, web services and software. My passion is to design digital user experiences through the bold interface and meaningful interactions. I create the best UI/UX designs. User experience and user interface are the key features of my development.

OBJECTIVE

As a web designer, my objective is to join an amazing Organization to make compelling and attractive websites and solving code problems using my skills and experience so i can achieve my goals along with organisation's goals.
